.....

Membership of **The Gardens Trust** supports the only national charity dedicated to the conservation of designed landscapes in England and Wales, to researching them and to campaigning on their behalf. The Gardens Trust, as the statutory consultee for registered parks and gardens, plays a key conservation role and supports the **County Gardens Trusts** in protecting and conserving our landscape heritage and in encouraging their use by a broad public.

The Gardens Trust brings together people from many backgrounds, united by a love and concern for historic parks, gardens and designed landscapes, an interest in encouraging their use by the public, and an interest in the factors that shaped them: the history of our garden heritage, the discovery and introduction of plants, garden archaeology and the relationship of park and garden design to architecture, art, literature and society.
